Pastors Notes

We walk together

Each of us has a different mission in this life, but we are all called to meet God. We walk together, we pray together, we help each other, we motivate each other, we work together on the path of holiness, we share many moments together and sometimes we cry together.

Our community is growing, and our Church seeks to reach as many hearts as possible and who want to receive the word of God. For this purpose, we have different ministries where you can integrate to grow in your faith, to pray, to adore the Blessed Sacrament of the altar, to help your brothers and sisters, to contribute with your talents, to support the maintenance of the Church, etc.

I invite you to sign up for one(s) of the ministries present in the Church. If you have not registered in our Parish, do not delay in doing so in order to work better together.

Remember, your work and collaboration is very important to us. Remember your work and my work in the Church is to serve God, we serve in the Church of God and for God.

We walk together and we are all responsible for serving, maintaining and sustaining our Church, our beloved Saint Dominic parish.

This is the time to wake up and give generously to the praise of God.

God bless your participation and your generosity.

Fr. Ricardo Rosales
