Don't forget the essentials

I am very happy because our Saint Dominic community is growing little by little. God Our Lord continues to bless the families and groups that work with faith in our parish and our children and youth who are preparing to receive the sacraments and continue to grow in faith.

I warmly invite you during this time to rekindle our faith in the Eucharist, in the adoration of the Blessed Sacrament of the altar. The heart of our Church is Christ, it is the Eucharist.

The Eucharist must be the center of our life of faith is Christ.

Where do many of the great blessings we need come from? Where is Christ going to show us more of his love? In the Blessed Sacrament of the Altar.

Our parish is extremely blessed. We have the perpetual adoration chapel. I tell you without fear of being wrong that innumerable blessings come out of that little chapel for our community, for your family, for your soul. I am sure that many times you have been blessed by Christ because there are souls who come to worship Christ.

Let's take advantage of our adoration chapel. Come worship Christ when you can. Sign up according to your possibilities and come to worship God. Remember, if you are generous with God, He will fill you with blessings.

Blessed be Jesus in the Blessed Sacrament of the Altar.

Fr. Ricardo Rosales
