Pastors Notes

The servants of the servants of the Church

The authority in the Church is to protect, it is to help us, it is to guide souls to God. The authority in the Church is an authority of service. For me it is important to know that our bishop prays for us. It is also a joy and a duty for me to pray especially for my community of Saint Dominic.

The Holy Spirit protects and guides our Catholic Church. Christ continues to call men and women to give his life to the service of God and the Church. God has wanted to bless us in the Church with infinite gifts and especially with the sacraments. God has called the Pope, the bishops and priests, as well as all those consecrated to God to be an instrument of his grace.

God bless, enlighten and protect our Bishop James Golka. Our bishop is a gift from God. I invite you to support and see with eyes of faith the person of the Pope and our Bishop.

Let us pray for our Pope, for our Bishop, priests and consecrated souls so that we may be true to the vocation with which God has blessed us.

Fr. Ricardo Rosales
