All Saints' Day.

On November 1, the Catholic Church celebrates the Solemnity of All Saints, both recognized and anonymous. It is the celebration of all those who share the triumph and glory of Christ, by virtue of the effort to closely follow the Master, cooperating with his Grace.

The Church also celebrates this day so that we, seeing the example, love and courage of so many saints, motivate us to follow in their footsteps.

The Solemnity of All Saints has its origins in the fourth century, when the number of martyrs in the Church became such that it was impossible to set aside one day of the year to remember each martyr. So, the Church chose to make a joint celebration to honor all those who had reached heaven, in a single day, once a year.

In 2013, Pope Francis made a beautiful exhortation to the crowd that accompanied him in the celebration of this Solemnity: "God tells you: do not be afraid of holiness, do not be afraid to aim high, to let yourself be loved and purified by God, don't be afraid to let yourself be guided by the Holy Spirit. Let us be infected by the holiness of God".

Let us never forget that we are called to be saints! And that we should remember and thank the lives of those men and women who gave everything for love.

Happy day of All Saints!

Our brothers and sisters are a gift from God. Every person, whether old or young, is a gift from God. Every child we see or is in the womb is a gift from God. All those who have gone to meet our Heavenly Father are a gift from God.

Also all the people who have gone to the house of God the Father are a gift from God. This November 2nd we pray especially for them and we thank them for having been among us. We believe in eternal life, we believe that not everything ends in this world and we believe that we will live forever. Let us pray that all our loved ones who are no longer in heaven are enjoying eternal joy with all the saints in heaven.

We are grateful souls and that is why we tell you: Thank you, we pray for you and you are always among us and especially in our hearts.

Fr. Ricardo Rosales
